

## Rhode Island Mattress Recycling Program for the Lodging Industry

Rhode Island's General Law 23-90 required the mattress industry to create a recycling program for mattresses and box springs used and discarded in the state.

The new law does *not* require hotels that dispose of used mattresses in Connecticut to recycle them. Hotels located in the state may *voluntarily participate* in the program.

MRC will provide no-cost transportation and recycling services to hotels discarding 50 or more mattresses at one time.

The Mattress Recycling Council (MRC) is a non-profit organization established by the mattress industry to plan and manage the Rhode Island mattress recycling program.

Beginning May 1, 2016, retailers and other businesses selling mattresses will collect a \$16 recycling fee on each mattress and box spring that is sold to a Rhode Island consumer. These fees will be remitted to MRC and used to recycle mattresses.

### Participant Eligibility

**Participating hotels no longer incur mattress recycling costs.** MRC uses the collected recycling fees to pay for the transportation and recycling of the mattresses.

**Recycling mattresses conserves natural resources and benefits the environment.** Program participants divert mattresses from waste-to-energy facilities and landfills and allow materials like fiber, foam, steel and wood to be reused.

### What MRC Provides

- Transportation of the accumulated mattresses from your location to the contracted recycler\* OR free drop-off at a designated recycling facility.
- No-cost recycling services via contracted, local recycling facilities. Mattresses are 100% deconstructed.

*\*Must accumulate a minimum of 50 units.*

### Participation Requirements
