

Rhode Island Mattress Recycling Program for the Lodging Industry

Rhode Island's General Law 23-90 required the mattress industry to create a recycling program for mattresses and box springs used and discarded in the state.

The new law does *not* require hotels that dispose of used mattresses in Connecticut to recycle them. Hotels located in the state may *voluntarily participate* in the program.

MRC will provide no-cost transportation and recycling services to hotels discarding 50 or more mattresses at one time.

The Mattress Recycling Council (MRC) is a non-profit organization established by the mattress industry to plan and manage the Rhode Island mattress recycling program.

Beginning May 1, 2016, retailers and other businesses selling mattresses will collect a \$10 recycling fee on each mattress and box spring that is sold to a Rhode Island consumer. These fees will be remitted to MRC and used to recycle mattresses.

Participant Eligibility

Participating hotels no longer incur mattress recycling costs. MRC uses the collected recycling fees to pay for the transportation and recycling of the mattresses.

Recycling mattresses conserves natural resources and benefits the environment. Program participants divert mattresses from waste-to-energy facilities and landfills and allow materials like fiber, foam, steel and wood to be reused.

What MRC Provides

- Transportation of the accumulated mattresses from your location to the contracted recycler* OR free drop-off at a designated recycling facility.
- No-cost recycling services via contracted, local recycling facilities. Mattresses are 100% deconstructed.

**Must accumulate a minimum of 50 units.*

Participation Requirements

- Must accumulate a minimum of 50 units prior to MRC providing transportation services
- Keep mattresses dry
- Staff must load accumulated mattresses into the provided collection truck upon its arrival
- Complete required paperwork to track outgoing shipments
